

[Cadillacs For Sale by owner](#) ::

1980 Cadillac Fleetwood 2 door Coupe- very rare!

I am selling this completely original 1980 Cadillac Fleetwood Brougham 2 Door Coupe. I am the the original owner and bought this car brand new from Thompson McConnell Cadillac and carefully babied it ever since. It has 15,000 actual documented miles. The car looks like it has been kept in an air tight vacuum since new. The body still has its original flawless paint vinyl top and chrome. The beautiful red leather interior does not have a stain, crack or blemish and even still feels soft and subtle and smells like new. The car drives and handles as you would expect a new Cadillac to do. It is quick, tight and responsive as would be expected from the 6.0 litre V8 and brakes just as well. This car is truly investment grade and ready for the most discriminating collector, enthusiast or just a Cadillac lover. This is truly one of the nicest well preserved, climate controlled garage kept cars you will ever see!!!
