

[Cadillacs For Sale by owner](#) ::

Beautiful 1987 Brougham

This is a 1987 Cadillac Brougham with 32,000 miles. The car has been very well maintained with many new parts including Vogue tires, real GM wire wheels, new water pump, heater core, rear brakes, brake lines, battery, and more. The engine and transmission work very smoothly and this car runs like an old style cruiser. There is a very recent Pioneer stereo and new speakers with iPod capability. All documentation including original brand new window sticker.
