## 2012 Cadillac Escalade Luxury

The Cadillac Escalade is big in every way; in sheer size, in style, in comfort, and at the same time, they're roomy and luxuriously appointed, letting them haul family or friends or business associates in real comfort. The 6.2-liter V8 supplies serious power for surprisingly quick acceleration. On the road, all three Escalade versions are smooth and stable. They ride smoother than the Tahoe or Suburban; but are at the same time taut and well-controlled for surprisingly good handling by full-size SUV standards in power. This one owner, clean Car Fax vehicle is perfectly equipped and won't last. Call Mike Martin at 480-206-3753.
