1972 Cadillac Eldorado still smells new inside

This car was our Grandfathers pride and joy...he was the only owner this car has ever had..."Count Billy Varga" (World Heavywiegth Wrestling Champion)as he was addressed in his days was famous for his wrestling skills and intimidation factor. The "Count" was very proud of his Cadillac in fact to him this was the only car suitable to fit a man of his style and class. The car today still only has 30000 original miles on her of which our Grandfather cruized up and down the Hollywood hills to the ring to movie sets cocktail parties etc... showing off class...with a bit of intimidation... call me Eain @ 775-741-1953
