1966 Cadillac Coupe deVille #737LOU

Stock #737-LOU Vehicle is located in Memphis, IN. 16 miles north of downtown Louisville, off I65. Engine: 429 CID V8 Transmission: 3 Speed Automatic Mileage: 86365 (actual) Body Style: Hardtop Exterior Color: Blue Interior Color: Blue Air Conditioning AM Radio Cloth Interior Hub Caps Power Brakes Power Locks Power Steering Power Windows Radial Tires Tilt Wheel Vinyl Interior White Walls Numbers are Matching This 1966 Cadillac Coupe Deville is for sale in our Louisville KY showroom. This 66 Cadillac is a true survivor with all original paint and interior. 1966 was a stellar year for Cadillac since 65 was the roll out of the completely redesigned body that included the powerful 429 V8 being offered for the first time. With the Coupe weighing in at over 2 tons the 340 HP was a welcomed addition. The now very popular turbo 400 3 speed transmission shifts nice and smooth while keeping this land yacht cruising at highway speeds. The interior is in excellent shape with the only part showing any wear being the carpet. The seats are plush with the blue color complimenting the exterior very well. The 3 way power adjustable seats add a level of luxury normally not found on these classics. Add to it the telescopic tilt wheel and the driving adjustments are endless. The car is equipped with an early form of climate control however it is not working as of now. Options include; AC, Power Windows, Power Brakes, Power Steering, AM Radio, Power Seats, Tilt, Telescopic Wheel, Cadillac Hub Caps, Cloth, Seat Belts, Radial Tires, and White Walls. This 1966 Cadillac can be seen, including an HD video, at www.gatewayclassiccars.com or call at 812-294-1555 for more information.
