Cadillac DeVille for Sale

Cadillac DeVille for Sale

Beautiful Cadillac DeVille being sold by original owner's daughter. Beautiful inside and out. Has had regular services since purchased. Originally bought off of the Cadillac Dealership showroom floor. Low mileage of 57,900. Color is white with a royal blue cloth top; interior is royal blue with leather upholstery. It has air conditioning, AM/FM stereo with cassette deck, automatic transmission, cruise control and power brakes, steering, windows and locks. Radio works well but sometimes has static so speakers may need to be replaced eventually. Would like to sell to a car collector or just a loving home -- someone who will enjoy and continue to take care of this beautiful car. A must see!
